

HAND COMPOSITE CERTIFICATION FORM

Industrial users who are permitted to collect samples by hand must file this certification form for each sample used for self-monitoring. This form is to accompany the required Periodic Self-Monitoring Report that you submit.

Date sample was collected: _____

Time Collected	Volume	Initials	Observations

*Note: A minimum of four (4) samples to be taken for metals in a 24 hour period.

Comments: _____

The above sampling schedule was used to collect a composite sample by hand. I certify that to the best of my knowledge the information is true, accurate and complete.

Signed _____ Date _____
